Details on the above points
Attendance requirements and information on compensatory work
75% attendance required
Course Content
Interactive course drawing on a range of disciplines. Students will explore topics surrounding globalization and its local impact on culture. In this process, participants should deepen the ability to empathize while also developing personal opinions and enhancing critical thinking skills. Students are encouraged to identify and locate their local culture within the global context. Each person brings their unique perspectives formed through personal experience, history and varying cultural backgrounds, enhancing collaborative learning through knowledge exchange.
Learning outcomes
By the end of the course students should be equipped to: <ul style="list-style-type: none">▪ evaluate perspectives of globalization▪ develop own opinion on pros and cons of global forces▪ evaluate historical influence on local culture▪ relate current global and local influences on work and learning▪ identify own culture and country's influences in the global▪ analyse and apply related theory▪ reflect on personal learning and development
