

Course Title: Multimedia Project 2

Semester: 4th Semester

ECTS / SWS: 7 ECTS / 1.5 SWS

Course Type: PT

Course Content: Focused, practice-oriented qualification for the chosen media-specific field as a continuation of the media-specific or cross-media qualification from the 2nd semester.

In this course, the media-specific, work methodical, interdisciplinary, and communicative competencies of the students, as well as their skills, are individually and practice-oriented deepened.

Learning Outcomes: The students are proficient in:

- Independently selecting a task and possibly a team, taking into account individual and team-oriented potentials,
- Time limitations and the use of the project as an application for the internship,
- Independently carrying out the project from conception to implementation,
- Presenting the finished project to fellow students, course lecturers, and potential internship providers.
